

D+H Credit Solutions: Marketplace

Communicate and conduct business transactions with Canada's widest selection of mortgage industry partners and suppliers. D+H Credit Solutions Marketplace™ is an efficient, dynamic, and on-demand web-service enabling e-commerce for the Canadian mortgage industry.

Benefits

+ Convenience.

Common point of access to multiple mortgage industry service providers across Canada.

+ Choice.

Widest selection of mortgage industry service providers and products including currently, Closing Services, CRM providers, Credit Bureau Agencies, Mortgage and Life and Disability Insurers, Originators, Lenders, and in the future, Appraisal Services.

+ Flexibility.

Ability to access and deliver multiple products and services to and from each industry supplier through one common point of contact supports a wide variety of business models.

+ Cost effective.

Ability to communicate and conduct business transactions with multiple service providers through a D+H Credit Solutions standard connection resulting in significant cost savings and efficiency gains.

+ Time-saver.

Automated request and response functionality saves time, money and resources.

+ Productivity.

By communicating and conducting business with industry suppliers through D+H Credit Solutions Marketplace, users eliminate time associated with re-keying into other systems.

+ Time to market.

Access new industry supplier products and services easily and quickly as they are introduced.

+ Simplicity.

Connectivity with industry service providers is built into D+H Credit Solutions origination and lending solutions - simply contact your D+H Credit Solutions connected industry suppliers to enable connectivity through your D+H Credit Solutions system.

D+H Credit Solutions: Marketplace
